

Zoom – How to activate LTU’s Zoom service

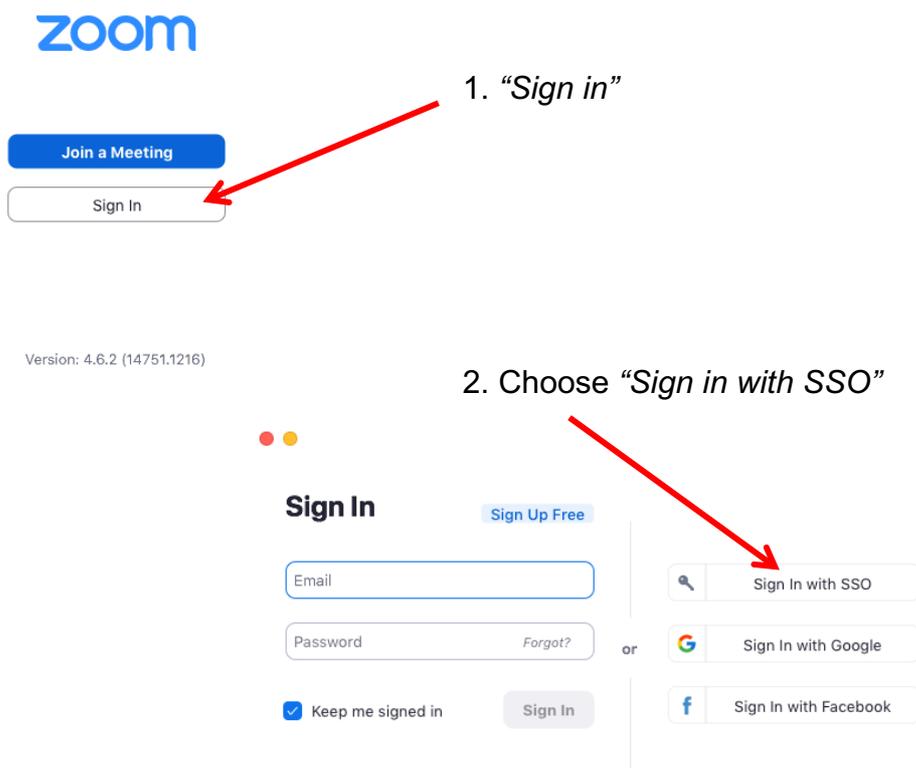

Zoom is LTU’s enterprise video communications system, with an easy, reliable on-premise cloud platform (<http://nordu.net/content/zoom-0>) for video and audio conferencing, collaboration, chat, and webinars across mobile devices, desktops, telephones, and room systems.

Step 1: Install the Zoom desktop client on your computer

Zoom client is available through LTU’s Software center. If you have a LTU managed computer please visit <https://www.ltu.se/ltu/it-support/IT-support-personal/E-motench-arbeta-pa-distans/E-mote-via-Zoom-1.175409?l=en> how to install the Zoom client.

If you want to install the Zoom client manually -download the latest client from <https://ltu-se.zoom.us/download> (Zoom Client for Meetings).

Step 2: Log in to Zoom and activate your account

Sign In with SSO

Your company domain

[I don't know the company domain](#)

Continue

3. Type LTU's Zoom domain name:
ltu-se

4. Type your LTU credentials,
a.k.a your username and password
and click "Login"

Enter your Username and Password
